My Storybook Just for Mom

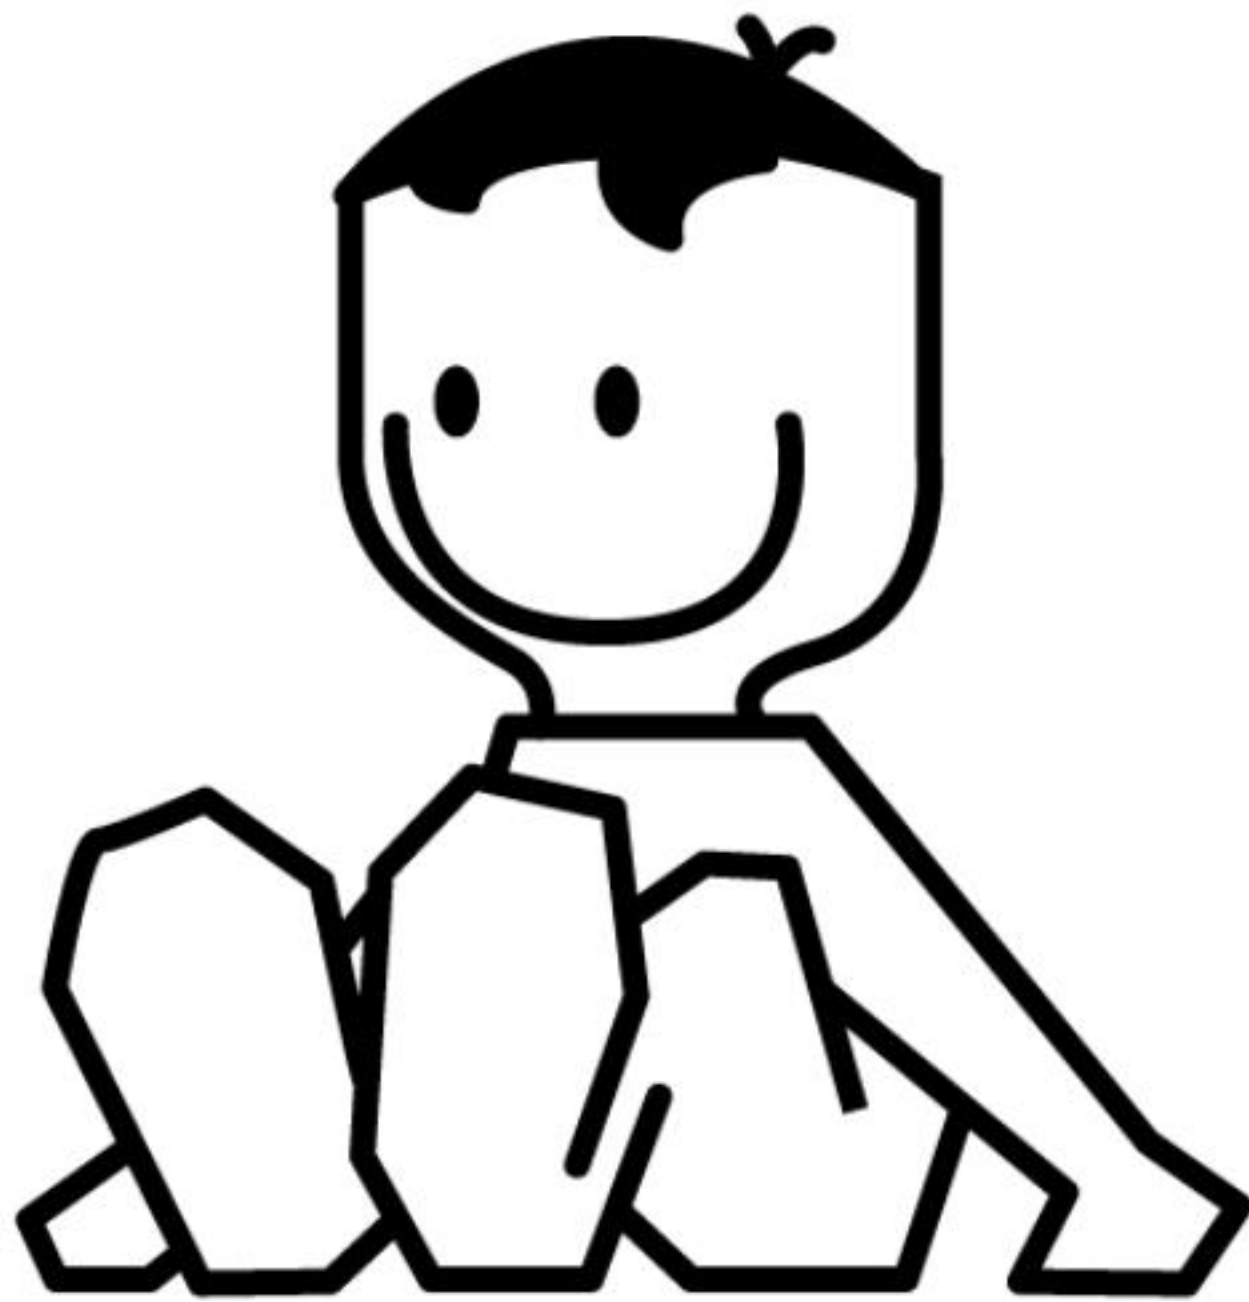

Love

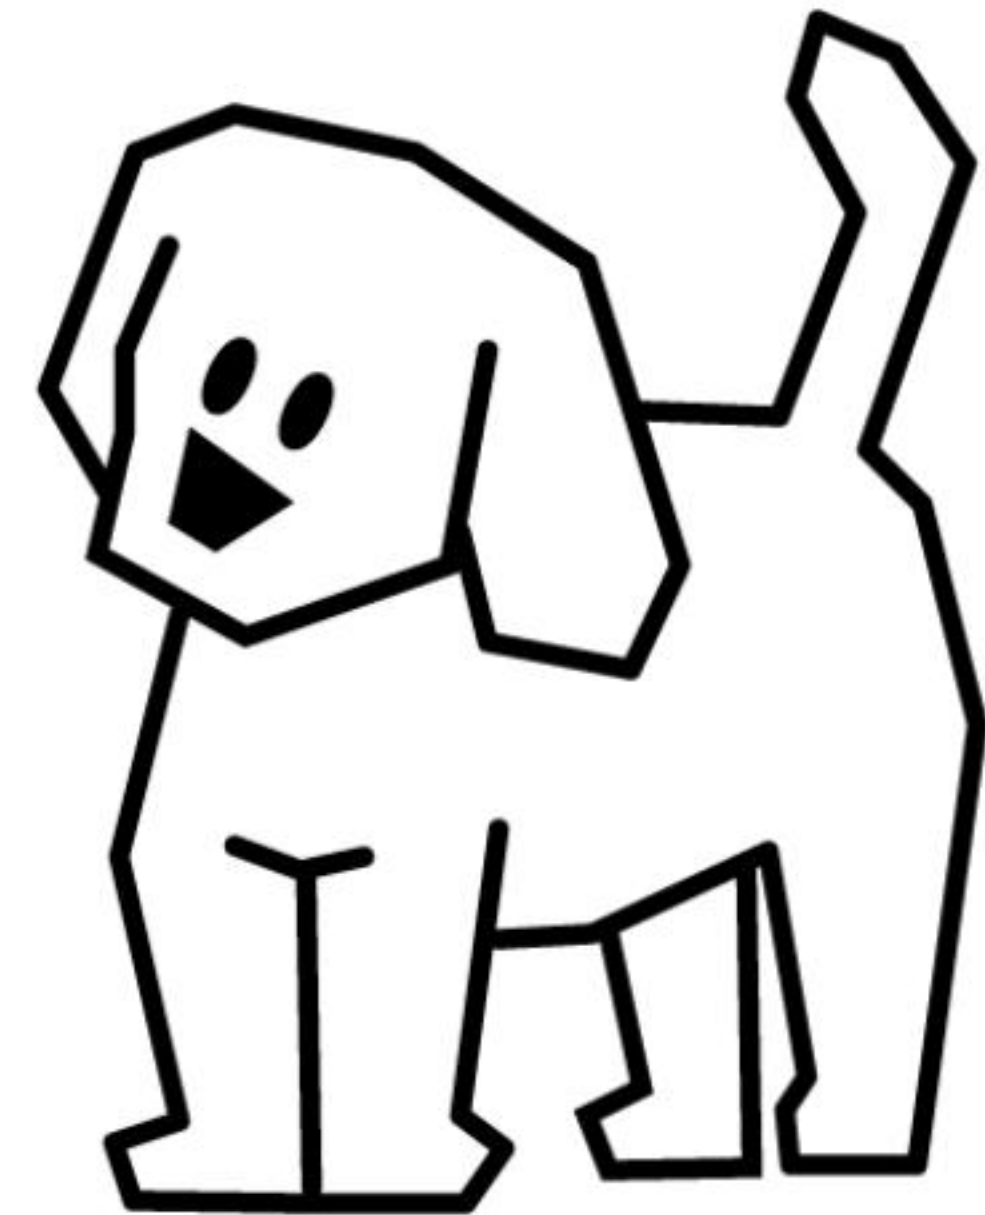

www.kidscanhavefun.com

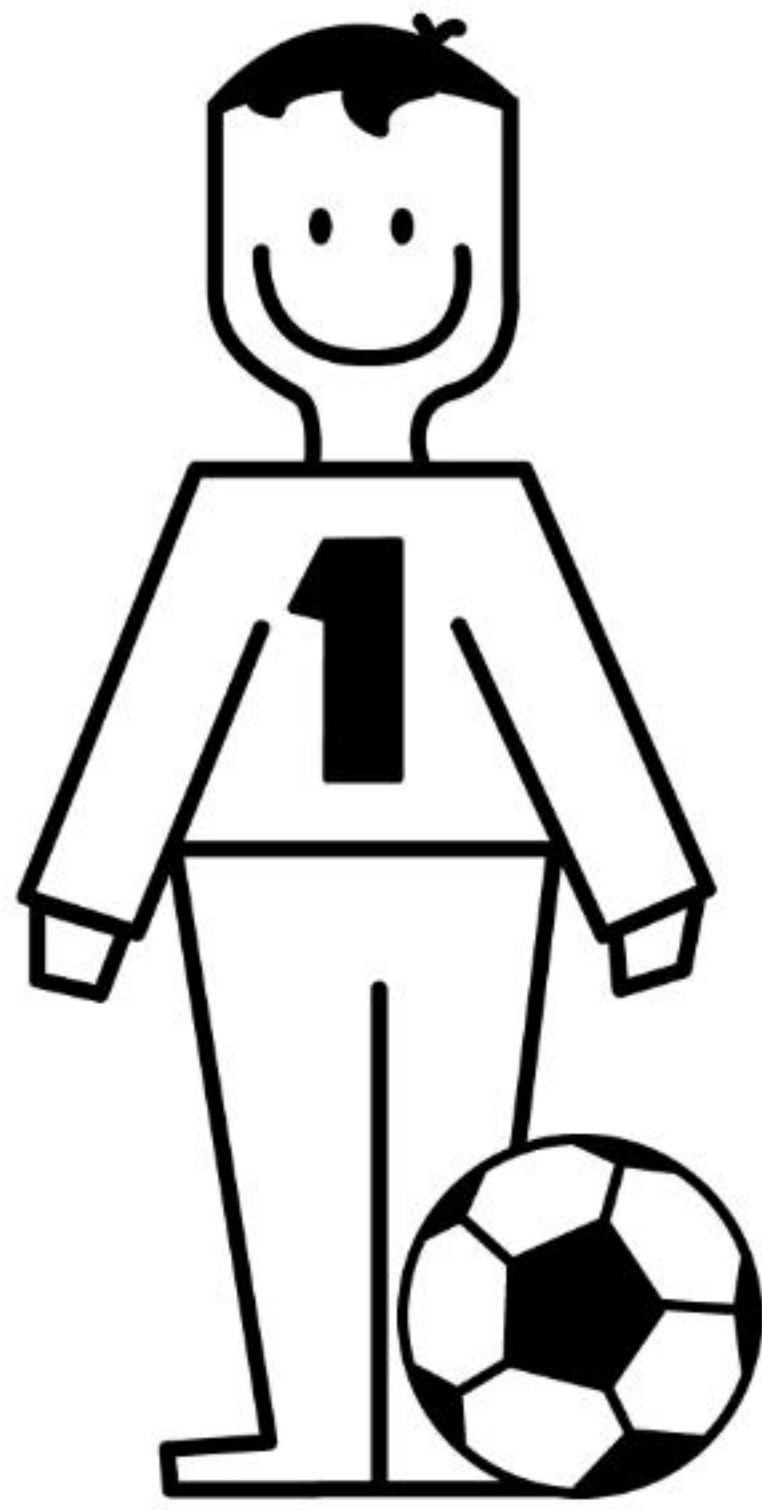

When I was a baby you loved me and took good care of me.

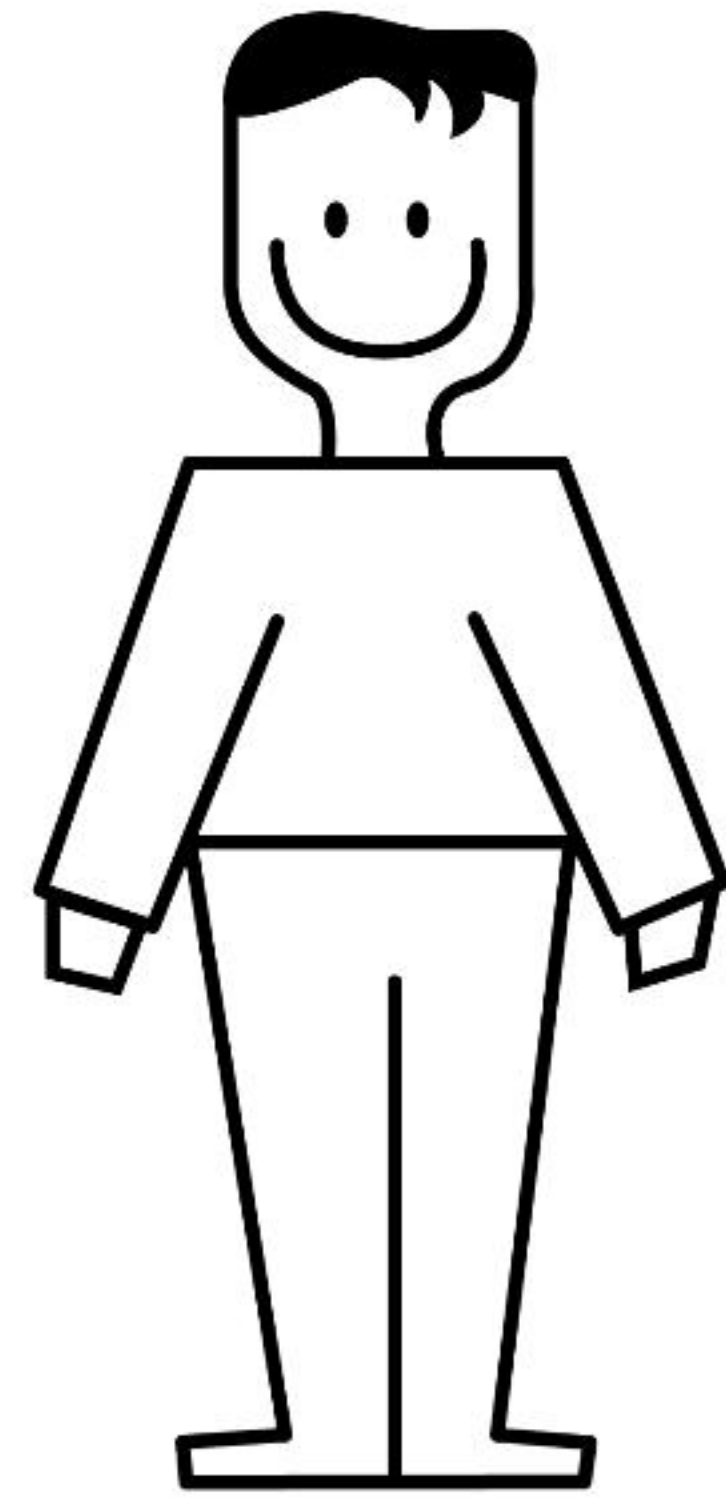

You taught me how to walk and talk. Now I can get into everything and tell you what I want!

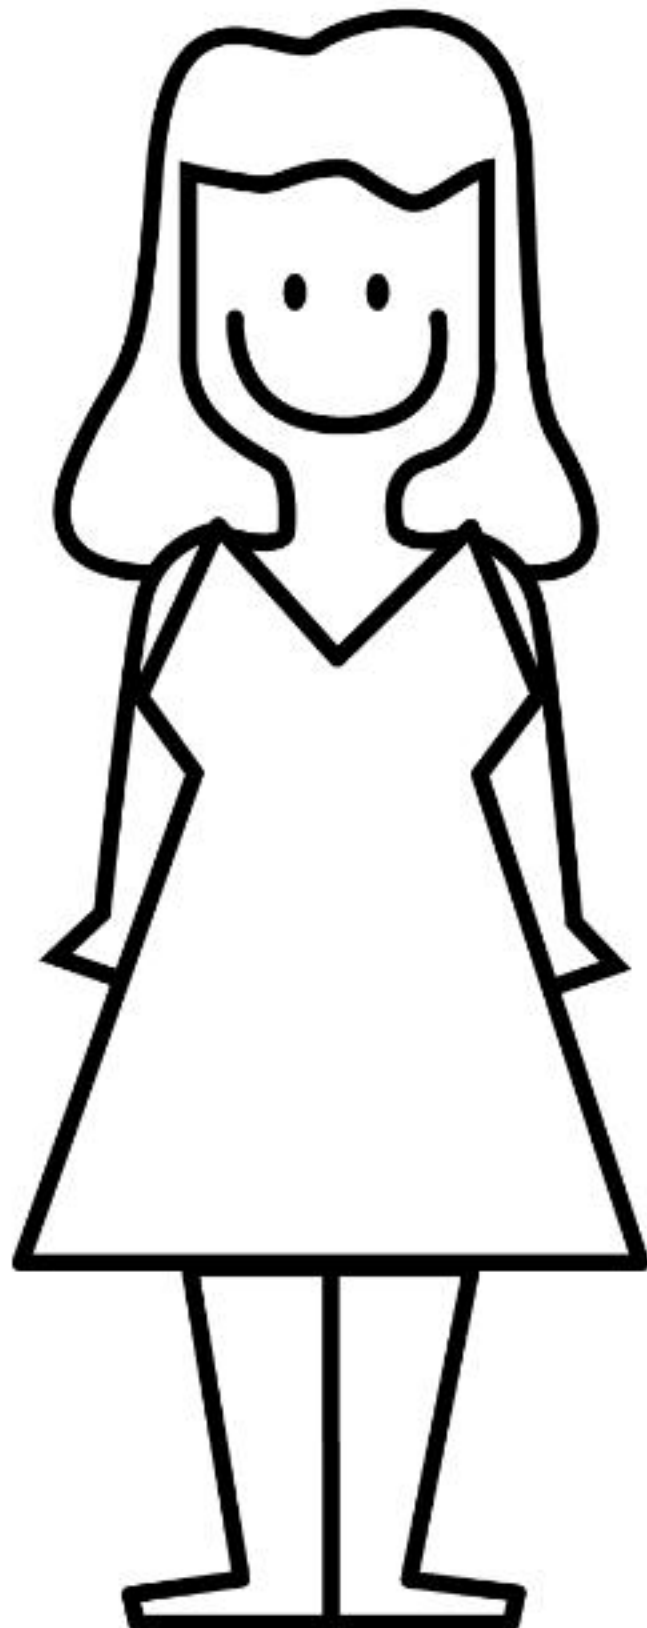

When I play with pets, I don't bite them anymore, I am very gentle.

I'm getting bigger now and can do all sorts of things on my own. I still let you do things for me because I know you want to.

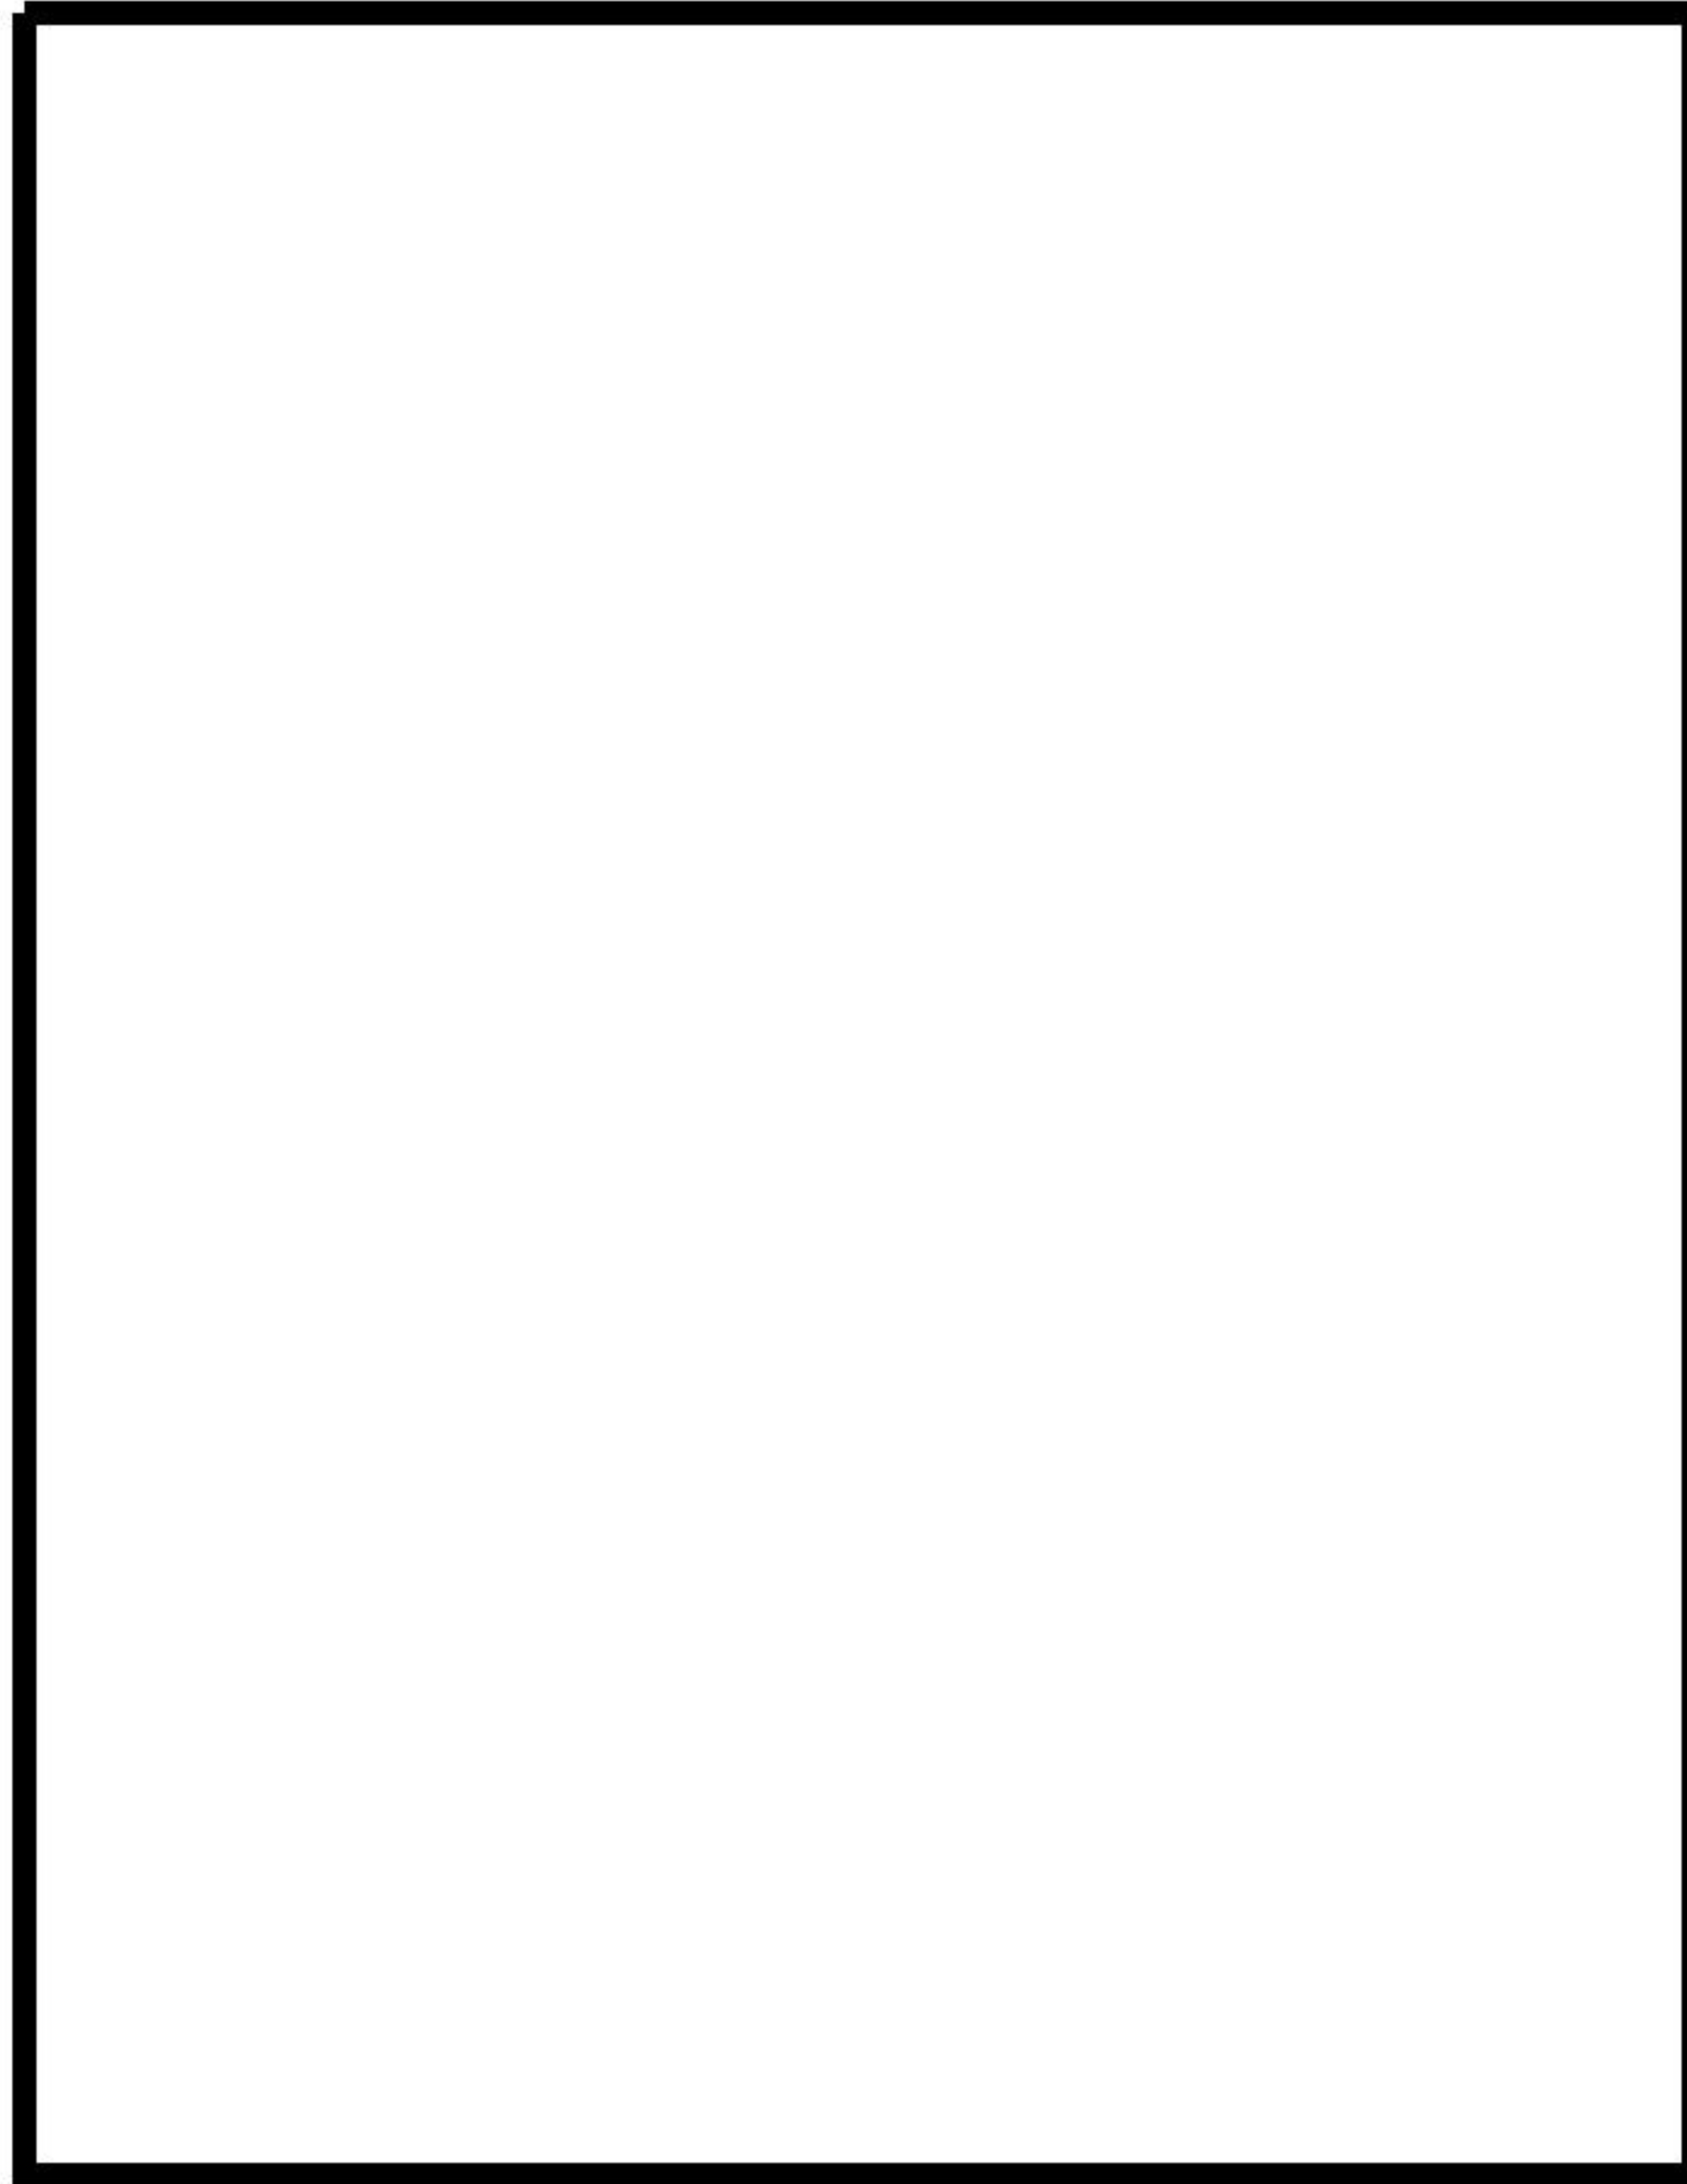

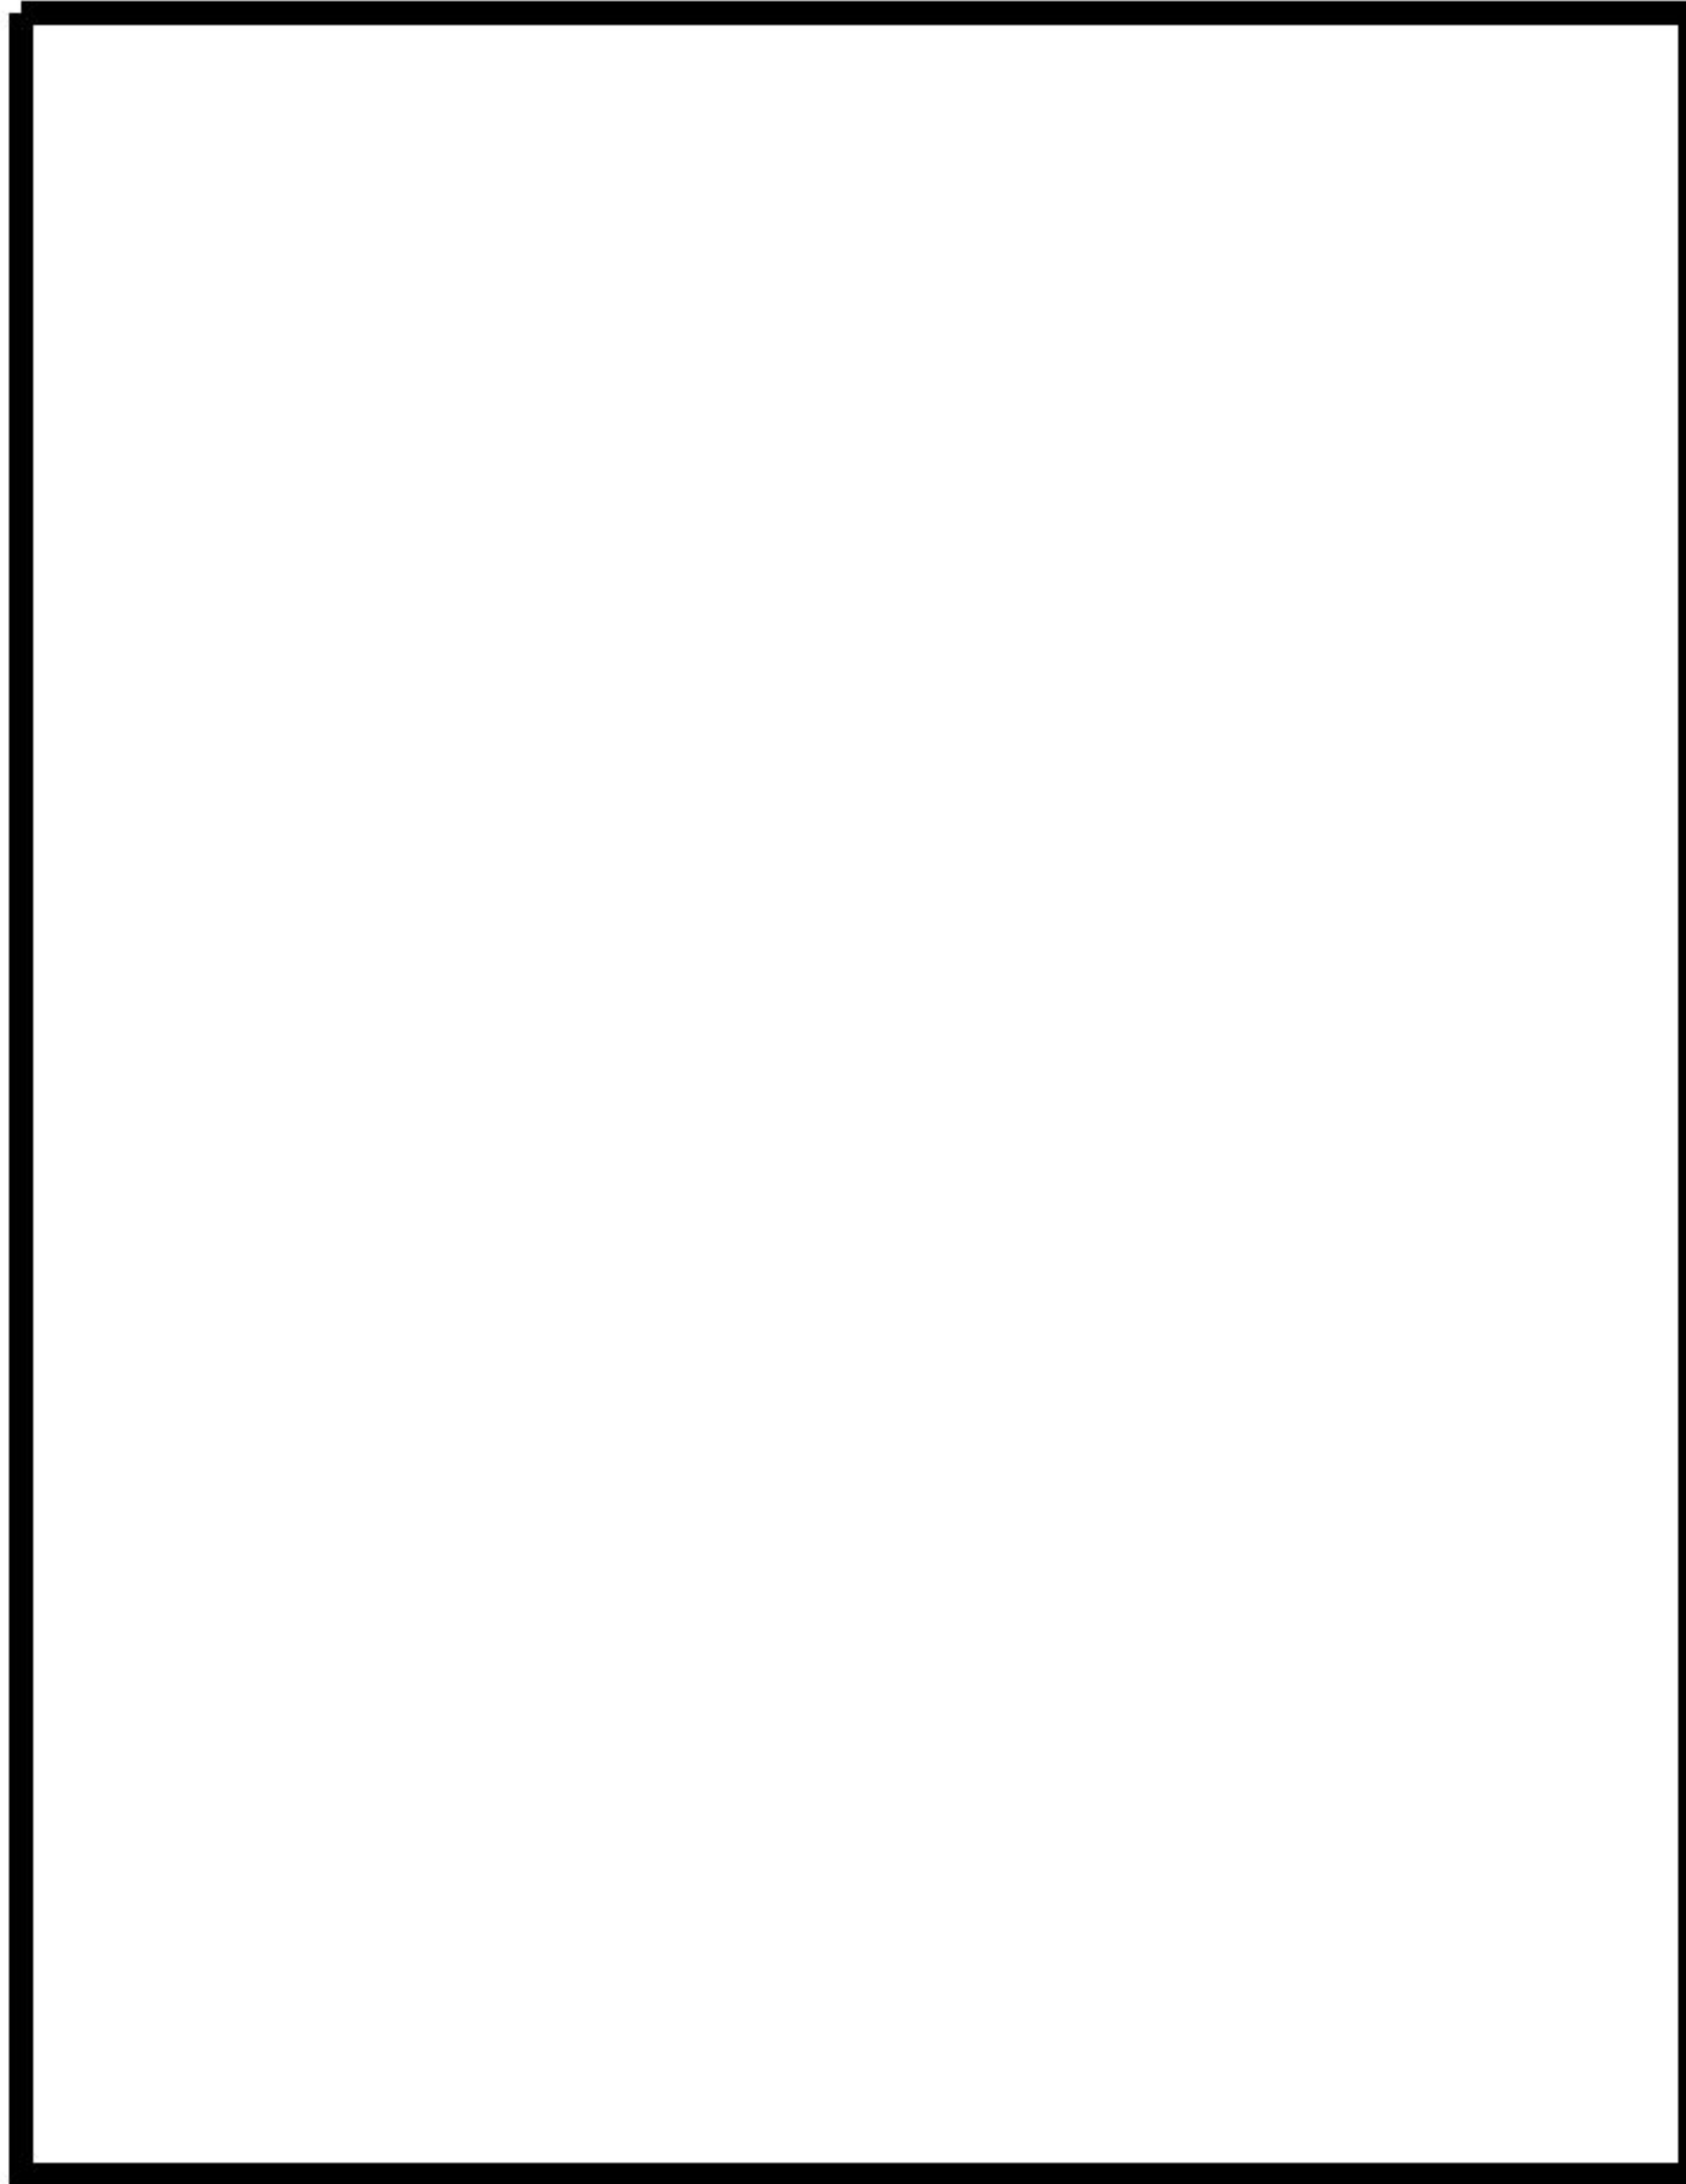

When I grow up I want to marry someone just like you, because you are the best Mom in the world.

Happy Mother's Day from your favorite son!
