

Easter Friends Mobile

Instructions:

1. Print two copies and cut out the Easter pictures.
 2. Lay out the pictures for your design in a vertical row. Use 4 pictures for 2 lines or 3 pictures for 3 lines. Each line will be used to hang the pictures to make a mobile.
 3. Using sewing thread or fishing line, tape each picture to the string and glue the exact picture on the other side. Keep the string centered on the picture. Leave enough string on the top to attach to the stick.
 4. Tie the top of the string to a branch or stick you find outside. Cut off remaining string at the bottom of each line.
 5. You have now completed your mobile to hang up.
- Optional: Use the bunnies and chick as the top mobiles.
