

# Father's Day Spin the Wheel Game

Cut out the tie spinner (should be one piece) and the game wheel on the next page. Poke a hole in the center of the tie spinner and game wheel. Place the tie spinner on top of the game wheel and insert from the top a brass fastener through the holes. The tie spinner should be able to spin around the wheel.

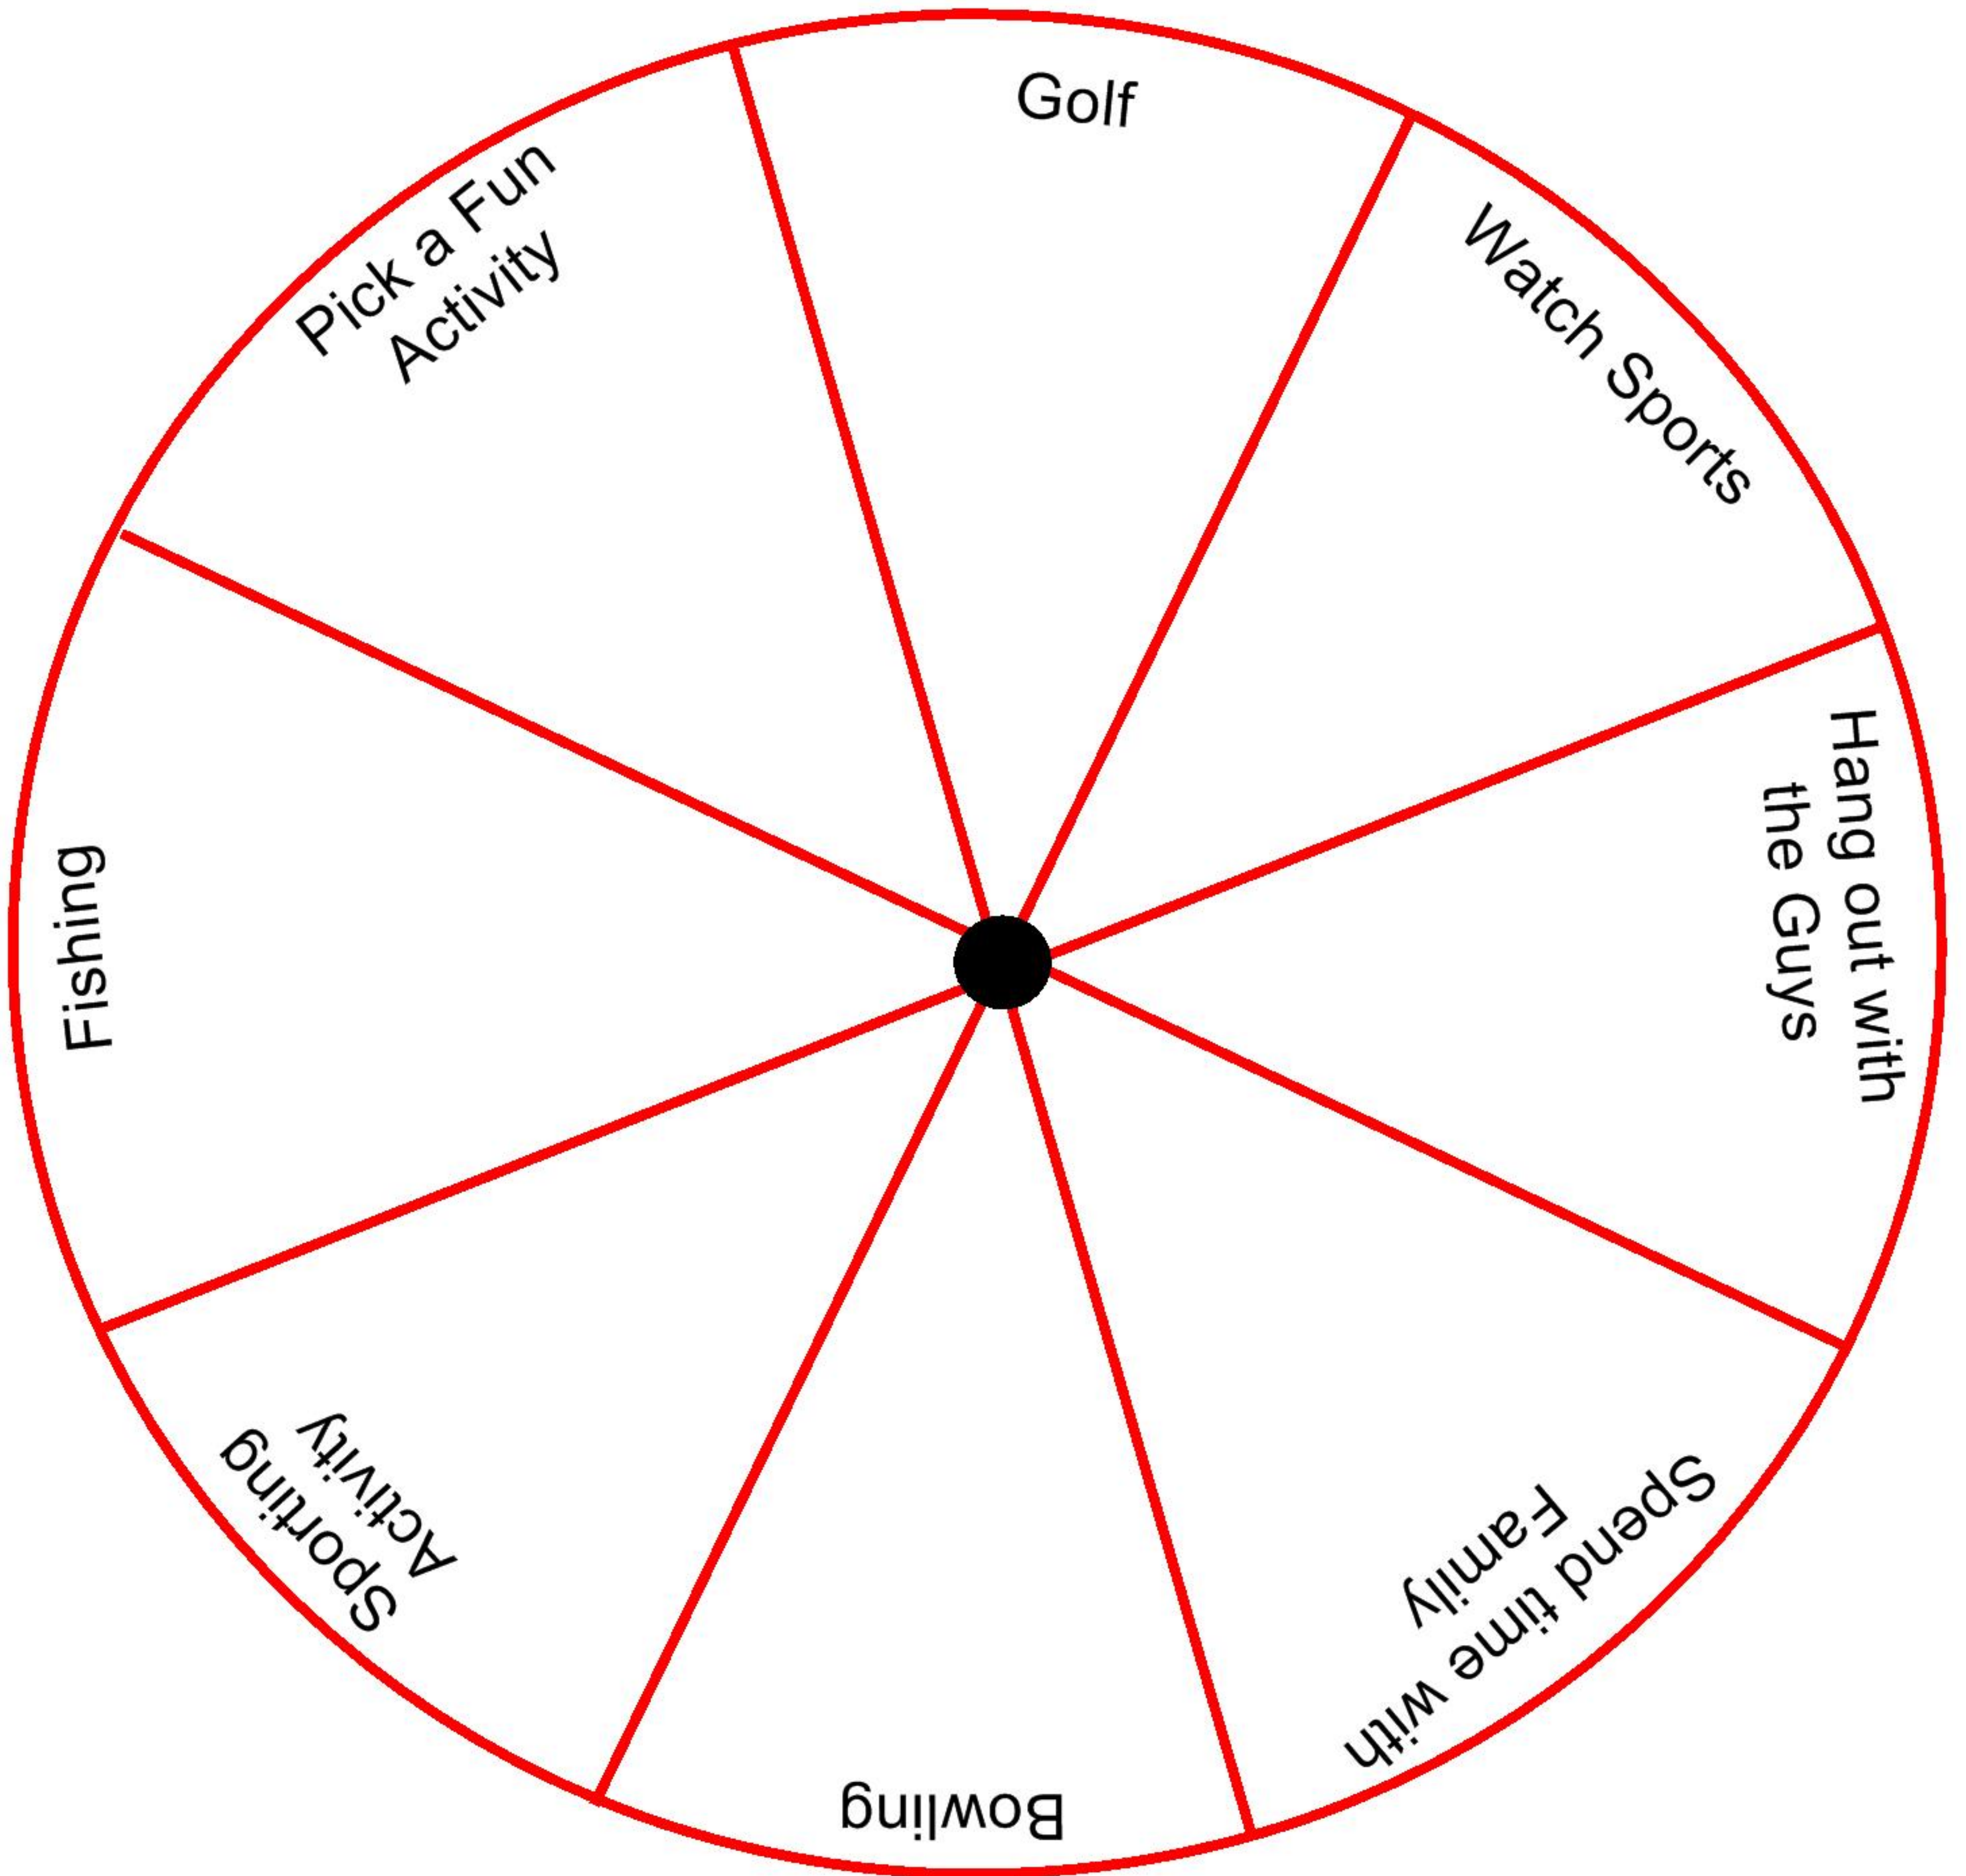

## Game Play:

Have dad choose a tie color. Dad spins the tie wheel to see what activity he can enjoy on Father's Day. He can choose any one of the activities his color lands on.
