

Math Squares Worksheet

Complete each math square to find the missing number(s)

5		3
	10	
7		5

Rules:

1. You play diagonally.
2. Both corner numbers diagonally adds to the center number.
3. The center number minus a corner number equals to the opposite number (diagonally).
4. Look at the example to the left.
5. Write down all the math facts (possibilities).

$$5 + 5 = 10$$

$$7 + 3 = 10$$

$$10 - 5 = 5$$

$$10 - 7 = 3$$

$$10 - 3 = 7$$

3		1
	8	
7		

6		5
7		6
